Hi [REDACTED],

It looks like the funding was made available on the task number on 14 April.
I believe this funding is only for the ADP program.

Thanks,

Hi [REDACTED],

Thank you for the follow-up. Can you advise when the funds were received?
At this point in the FY, we may not have time to obligate and execute; and
HQMC is asking why we haven't obligated yet.

Regarding 3B4D funding, is that allocated to cover payment of employee
vendor training events as well as Academic Degree Program (ADP)
reimbursement?

Good afternoon [REDACTED],

Update on the FY22 3B4D funding. We reviewed the guidance and were able to locate the FY22 ADP funding for Yuma within DAI. Funds are no longer "sent" to station level, it is owned at M&RA.

Here is the Project and Task number information:

[REDACTED]

Total funding allocated: \$13,703

According to the guidance, funding will be executed by the I4 (station) command using the project(s) and task(s) owned by M&RA.

So with that mystery solved, we will continue with the FY21.

Thanks,

Good morning [REDACTED],

At this point, to my knowledge, no, we have not received any FY22 3B4D funding from M&RA. The last correspondence we received is attached, I

believe I the boxes have been checked in regards to their guidance. I will follow up with our HQ this morning as well, to try to get a better status.

[REDACTED]

Our Fin Ops director was looking into the issue with the FY21 ADP funding and payments, unfortunately, she has been out on jury duty, so [REDACTED] is trying to find out what he can.

We will keep you up to date on what I find out.

Thanks,

Hi [REDACTED],
Can you help me to understand if HRO has received 3B4D funds from M&RA, and if so how much and when was it received?

[REDACTED] Plus we got a data call from M&RA regarding issues obligating the 3B4D funds and [REDACTED] doesn't recall us receiving any 3B4D funds for FY22 yet.

Any clarification you could provide or point me in the right direction that would be greatly appreciated!
